**STLSHEDS.COM**

*Lori had an idea. She wanted to open a small vintage shop and have a workshop in the back. "Hey! Surely a shed like that would work," Lori thought one day as she drove by the local shed dealer.*

One with the look and feel of a cabin would fit perfectly in her wooded, rural backyard. She stopped at the shed lot and began asking questions. Nothing they had in stock matched the style Lori was envisioning in her mind. Over the next several days, Lori toured multiple shed yards and found nothing.

"If only I could find a decently priced shed built with quality," Lori wiped the sweat off her brow as she pulled into another shed lot. Everlast Portable Buildings, the sign read. At that moment, something told Lori her search might be over.

At Lori's request, Everlast workers gave her a tour of their workshop. The shop fairly sparkled as she walked through. The pop of air nailers echoed through the building as the builders constructed a shed. After the tour, Lori sat down with one of the salesmen to talk.

Lori began to describe her vision. "I would like a cabin with a front porch but not a standard front porch. Could I have the door centered with a window on each side?"

"Absolutely," he answered.

"What about four windows on each side of the building? I want to let in plenty of natural light."

"No problem."

"Could my windows be larger than standard windows?"

"Certainly."

"I have some vintage ceiling tile sheets I'd like to use for a high ceiling. Could we find a way to use them without cutting them?"

"We can probably raise the ceiling height and incorporate those into the design easily," was the reply.

"What about barn doors in the back for loading furniture?" Lori asked. "And one more thing. I need as much natural light as possible in my workshop area. Could we install screen doors on the barn doors so I can keep them open? I don't want my cabin full of flies and spiders."

This was a new request for Everlast, but again, she was assured it was no problem.

"Well, that went smoothly," Lori thought as she drove home from Everlast. "I basically designed the building myself. The quality is exceptional, and the price is comparable to some of the others I was looking at."

As the delivery date approached, Lori stopped by Everlast to check the progress of the building. The workers greeted her warmly at the door and showed Lori her nearly completed shed. "It's perfect!" Lori exclaimed.

The shed was delivered to Lori's wooded backyard right on time. Lori discussed with Everlast how she should finish the inside. When everything was in order, they handed Lori the keys to her new cabin.

Lori and her husband finished up the inside by running electrical wiring, putting in insulation, hanging drywall, and putting in the rusty corrugated tin ceiling. They installed a furnace, A/C, and even a satellite TV.

"It's exactly how I imagined!" Lori exclaimed to her husband, admiring the newly completed cabin. "I love it!"

-based on actual customer story

"I would recommend Everlast Portable Buildings in Sullivan to anyone looking for anything from a small storage unit to a building to use for a small business! They have many styles, sizes, and choices. Thank you, Everlast Portable Buildings!" - Lori Sawyer

This story illustrates the Everlast Buildings commitment to you, our customer. Come experience the Everlast difference for yourself, we'd love to serve you!

Everlast was reasonable, prompt, and professional at every step, starting with the dealer, one on one consultation, my requested changes after initiating the project, and installation. I would recommend Everlast (and already have) to my best friends and family. Great product and service.  
*-Richard P.*

# Chicken Coops

**Chicken Door \$60**  
**Vent Door \$60**  
**Screen Door \$90**  
**Roost per/ft \$5.00**  
**Nesting per/box \$15.00**  
**Wire Screen on Windows per/window \$10.00**

**Standard Features in Both  
 Quaker & Utility/Chicken Coop:**  
 3' Single Door

- 1 2 Windows
- 2 Predator Proof Screen Door
- 3 4 Hole Nest Box
- 4 Chicken Door with Ramp
- 5 Ventilation Door
- 6 Double Roost  
Bubble Insulation under Roof

How about some farm fresh eggs, straight from your very own backyard coop! Or maybe the kids would be excited to have a 4-H project. Raising chickens is a perfect family solution for learning responsibility or allowing us to be a little closer to nature.

## Quaker/Chicken Coop

Size	Price	RTO

8x12	\$4,025	\$186.34
10x10	\$4,305	\$199.31
10x12	\$4,634	\$214.54

Interior of Quaker Chicken Coop

“

I bought the mid-size chicken coop from Everlast Portable Buildings last month. I couldn't be more pleased with the quality and customer service. I was blown away by the quality of the construction and attention to detail. The coop was perfect and just what I needed. Delivery was friendly and easy.

I would **HIGHLY** recommend Everlast to anyone looking for a durable, quality shed/coop/building. As a bonus, they are a friendly, family-owned, local business!  
*-Christine A.*

8x8 Utility/Chicken Coop

Miratec Trim Package for Vinyl Sided Buildings. . . . . **No Upcharge**  
*Includes Wood Doors, Soffit, Fascia and Corners*  
(Choose Trim & Door Color from Paint or Urethane Colors)

Special Aluminum Trim Color for Vinyl Sided Buildings . . . . . **\$250**  
(White trim standard; Color options same as vinyl siding colors)

## Metal Roof Option

(add 7% to base price for optional metal roof  
See color chart on Page 35)

For added strength and stability, your heavy-duty metal roof is built with trusses 24" apart and OSB sheathing underneath. A bubble foil insulation is between the sheathing and metal for a vapor barrier and to reflect heat. Your metal roof will be backed by a 40-yr warranty!

Subtotal over 5400.00 is 26% upcharge

# Build On-site Option

Add 26% to subtotal of building price or minimum of \$1,400

No access room? No Problem! Your shed can be built right on your property. After constructing the kit at our shop, we will send out a crew of 3 or 4 guys to assemble it.

**When all is said and done, it's smiling faces that matter.**

**1. Everlast crew and Building Kit arrive at Jobsite**

**2. Assembly begins**

**3. Your shed begins to take shape**

# Color Options

**10-YEAR LIMITED WARRANTY GUARANTEE:**  
Our buildings come with standard 10-Year Guarantee against structure failure or material defects. We are committed to satisfied customers and we want to know if you find a problem.

Ranae and I just wanted to tell you how happy we are with our shed. It looks exactly how we envisioned. Thank you for working with us to give us the custom look we wanted. It was a pleasure doing business with you.

*Sincerely,  
Gale & Ranae  
Helpingstine*

## Payment Options

- Cash Sale: Minimum 10% down. Balance due upon delivery.
- Rent-to-Own:
  - 36-month plan. You own the building when all the payments are made.
  - Deposit needed + 1 month's rent and a \$35.00 processing fee.
  - Deposit amount varies according to building size—
    - 8' wide-\$100
    - 10' wide-\$150
    - 12' wide-\$200
    - 14' wide-\$300
    - 16' wide-\$400
  - Deposit fully refundable with purchase of building.

## Rent-To-Own *Does it make sense?*

Our rent-to-own program is a great way to get started towards owning your own shed! Why rent out-of-the way, inaccessible storage units with never-ending payments when you can rent a shed in your own back yard and after 36 months own it?

### Features and benefits of Rent-To-Own:

- No credit check
- Instant Approval - No need to wait to get the building of your dreams!
- Month by month agreement
- Multiple payment options (online, by phone, autopay, E-billing)
- Early Purchase Option (EPO): There is no fee to purchase early

Save money with our early payoff option. 60% of all previous rental payments will go toward the initial cash price of the building.

I ordered a 14x32 Vinyl Garage. This was the absolute best. From ordering, to the follow-up call, till it was delivered. The building was placed exactly where I wanted and leveled at no charge. The whole experience and building were perfect!

*-Troy E.*

*If you move, your building becomes a financial burden, or you no longer need it for any reason, simply give us a call and we will gladly pick it up. There will be no adverse effects on your credit score.*

# Skid Profiles

(skids go parallel to roof ridgeline)

All 4"x6" skid measurements are center to center.

## Site Prep

Would you like your building placed directly on the ground? This is possible with our pressure treated foundation beams or "skids" and a Lifetime Warranty against decay and termites. As long as your site is reasonably level, we will supply shims and some blocking to fine-tune the levelness.

However, for better support and to discourage varmints from burrowing, a rock or cement pad is a wise choice. Simply give us a call or talk to your sales rep for a price quote. Just as a precaution, check with your local zoning department or HOA to ensure that the shed you choose will meet their standard, and that you know their rules regarding shed placement on your property. Some areas require sheds to be anchored to the ground—if this is the case, check out our Shed Anchoring Kit. *More details on the Options page.*

## \*Free Delivery & Placement

Your new building will be delivered with our specially designed shed handling equipment. It will arrive on a tilting bed trailer and will be unloaded in the street or on your driveway. We'll then use our mule to maneuver it into position on your property. With its compact size and flotation tires, the mule does quite well in tight situations or with damp ground conditions. However, we **WILL NEED A CLEAR PATH 2' wider and 16" higher** than your building in order to bring it in prebuilt. No access room? Have it built on-site!

*More details on the Options page.*

\*Free Delivery within 30 miles of your nearest Everlast dealer.  
\$6.00 per loaded mile will be added over 30 miles.
